# ABOUT MALABAR INSTITUTE OF TECHNOLOGY

Malabar Institute of Technology (MIT) is one of the top private, self-financing Engineering Colleges in Kannur district. It has excellent infrastructure facilities and has a team of eminent faculty members. MIT was established in 2010 and is approved by All India Council for Technical Education (A.I.C.T.E) and recognized by Government of Kerala and affiliated to APJ Abdul Kalam Technological University (KTU).

## MANAGEMENT

The Engineering College is run by an efficient management, PRESTIGE EDUCATIONAL TRUST, Anjarakandy, Kannur, Kerala. The management also runs various other institutions such as Kannur Medical College, Kannur Dental College, College of Pharmacy, College of Nursing and Institute of Paramedical Science at Anjarakandy. The Integrated Campus spread over an area of 220 acres of land.

### VISION

To become a center of excellence in Engineering education & enrich young minds to meet global challenges in development, innovation & application of technology in the services of humanity.

### MISSION

To facilitate quality engineering education to the students by developing their potential talents and skills for achieving their life goals.

### VALUES

Value excellence, innovation, diversity, be genuine, respect others, integrity, trusting and being trustworthy, inculcate team work.

## Facilities

- Central Library with 14,000 books.
- Department Library.
- Seperate hostel for Boys and Girls.
- Conference Rooms and Seminar Halls.
- Stationery Stores and Cafeteria.
- Wi-Fi enabled Campus.
- Banking.
- Transportation Facilities.

## Highlights

- 220 acres Lush Green Campus.
- Well Experienced & Qualified Faculty.
- Well-equipped Engineering Labs.
- Training & Placement Cell.
- Internships, Industrial Training & Visits.
- Arts, Sports and Social Activities.
- Technical Fest & Extra curricular activities.
- Students Counseling.
- Super Speciality Hospital in the same Campus.

# A GLIMPSE OF PLACEMENTS

Rilsana Zubair  
2018-2022 Batch  
Branch: CSE  
Technologies Global

## STUDENTS ASSOCIATION AND PROFESSIONAL BODIES

# DEPARTMENT OVERVIEW

## CIVIL ENGINEERING

Civil Engineering is a branch of Engineering that deals with the design, construction, and maintenance of the built environment, including roads, bridges, buildings, and water systems. Civil Engineers use their expertise in physics, mathematics, and material science to create infrastructure that is safe, efficient, and sustainable. They are responsible for ensuring that projects are structurally sound, environmentally friendly, and meet the needs of the communities they serve. Civil Engineering is a crucial field that plays a vital role in shaping the world we live in today.

## Career Prospects

- In Central Govt. and State Govt. Sector- Railway, MES, CPWD, Defence, Airport Authority of India, SAIL, ONGC, NTPC, ISRO, PWD, WRD, KWA, PCB, etc.
- Local Self Govt.- Corporation, Municipality, Panchayath, etc.
- In Private Sector- Builders/ Developers, Consultants, Contractors, Research and Development & Entrepreneurship

## MECHANICAL ENGINEERING

Mechanical Engineering is one of the broadcast Engineering disciplines. Mechanical Engineers design, develop, build, and test mechanical systems. They deal with anything that moves. Mechanical Engineers make a difference because Mechanical Engineering careers center on creating technologies to meet human needs. Virtually every product or service in modern life has probably been touched in some way or other by a Mechanical Engineer to help humankind.

## Career Prospects

- In Central Govt. and State Govt. Sector- Railway, MES, DRDO, Defence, Airport Authority of India, SAIL, ONGC, ISRO, HAL, IES, Merchant Navy, Airforce etc.
- In Private Sector- Design Engineers, Manufacturing Engineers, Project Engineers, Quality Engineers, Consulting Engineers, Sales Engineers and Research and Development.

## COMPUTER SCIENCE AND ENGINEERING

Computer Science and Engineering is an interdisciplinary field that combines aspects of computer science and mathematics to design and develop computer systems and software. It encompasses the study of algorithms, programming languages, computer architecture, operating systems, databases, artificial intelligence, machine learning, computer networks, and Software Engineering.

## Career Prospects

- Data Analyst, Software Developer, Networking Engineer, Database Administrator
- Testing Engineer, Game Developer
- Information Security Specialist, Programmer
- Information Systems Operation and management,
- IT Companies - TCS, WIPRO, Infosys, IBM, etc.
- Telecommunications & Networking
- Web & Internet, Graphics and Multimedia, R&D and Software Design, E-Commerce, Computer Science Researcher

## ELECTRICAL AND ELECTRONICS ENGINEERING

The Electrical and Electronics Engineering is a field of Engineering that deals with the study and application of electricity, electronics, and electromagnetism. Electrical Engineers are responsible for generation, transmission, and conversion of electric power and also Electrical Engineers are concerned with the transfer of information using radio waves, design of electronic circuit and systems and development of control system and integrated circuit.

## Career Prospects

- In Central Govt. and State Govt. Sector- Railway, MES, ISRO, KSEB, SSC, PGCIL, BSNL, Banks, Defence Service, IOC, etc.
- In Private Sector- IBM, ABB, GE, FIWA, DEWA, SEWA, ETISALAT, SIEMENS, BHEL, General Electronics, Power Grid, Bajaj, Tesla, Havells, V-Guard, Exide, TATA Power, Kirloskar, IT Industries.

## ELECTRONICS AND COMMUNICATION ENGINEERING

The department aims to create quality Engineers with technical knowledge and awareness of latest advancements in the existing and emerging technologies. ECE Engineers also creates advanced communication facilities like video conferencing, design and maintain satellites, which bring TV, telephone and Internet service into remote and rural regions.

## Career Prospects

- In Central Govt. and State Govt. Sector- Railway, DRDO, HAL, ONGC, CDAC, Air Force, HPCL, AAI, NLC, NPCIL NTPC, ECIL, ISRO, PGCIL, KELTRON, etc.
- In Private Sector- R&D Engineers, Electronics Design Engineers, Electronics Manufacturing Engineers, Quality Assurance Engineers, Project Engineers, Technical Sales Engineers, IT Industries,

## LIBRARY

The well facilitated and spacious library, which quench the thirst of knowledge seekers, has a voluminous collection of books on science and technology, personality development, career guidance, as well as national and international journals, magazines, newspapers, periodicals and a number of reference materials. This well-set excellently catalogued library is always kept open helping students and faculty to utilize the library to the fullest. It gives an excellent ambience for learning.
